

TxVSN District Needs Assessment/2009-2010

1. WELCOME

Welcome to the 2009-2010 Texas Virtual School Network (TxVSN) District or Open Enrollment Charter School Needs Assessment.

A district or open enrollment charter school planning to participate in the TxVSN must complete a Needs Assessment annually prior to enrolling students in online courses through the TxVSN.

Survey results will aid the Texas Education Agency, the TxVSN, and TxVSN providers with the data necessary to build capacity to meet statewide needs.

We estimate that the survey will take 10-15 minutes. Questions with an asterisk (*) require a response prior to moving ahead to the next survey item.
