

CTE Program of Study Courses available through the Texas Virtual School Network (TXVSN) –2024-2025

Career and technical education (CTE) courses are an important component to a student’s education and are used to measure a graduates’ preparedness for college, the workforce, or the military. Let the TXVSN help your students gain access to courses in a program of study that meets their needs. There are several different CTE courses that students can access to put them on the path to be a [CTE Concentrator](#) and [CTE Completer](#). Local education agencies can receive weighted funding for students who are enrolled in these courses.
